GRAPHIC PARTS INTERNATIONAL INC.

YOUR COMPLETE MANUFACTURING SOURCE FOR HIGH-QUALITY PALLETS FOR ALL TYPES OF APPLICATIONS AND EQUIPMENT

G.P.I.'s Stay-Flat™ high performance pallets are manufactured in aluminum or wood. They are designed to remain as smooth and flat as possible when exposed to high heat and moisture in high-volume production shops. Hundreds of standard and specialty sizes are manufactured by G.P.I. in a choice of configurations to meet the needs of any textile screen printer.

- Wood, solid aluminum or aluminum honeycomb
- With or without heat-resistant rubber covering
- Hundreds of shapes and sizes for all applications
- Most bracket configurations available

Stay-Flat™ Textile Pallets are G.P.I.'s exclusive design. We have traveled worldwide to research the many types of textile pallets manufactured. Our technicians developed these top-of-the-line pallets based on international knowledge of printing equipment and pallet applications.

Aluminum is the preferred choice for all G.P.I. pallets because it stays flat and has extremely long life. Aluminum pallets also meet textile screen printing requirements for all applications. Stay-Flat wood pallets are also available. These pallets use a special wood formulation to provide long-lasting, reliable performance.

All Stay-Flat aluminum pallets have the highest quality printing surface. They are covered with a unique rubber that is long lasting and highly heat resistant. G.P.I.'s specially formulated rubber holds up longer to the extreme temperatures of spot or flash cure units. Applied to the pallet with high-temperature resistant adhesive, it can be stripped and replaced as needed. G.P.I. has tested and concluded that the thickness of rubber we use is best for textile screen printing quality on either manual or automatic equipment.

G.P.I has been manufacturing textile pallets, pallet parts and accessories to the highest standards for over 20 years. Our years of research and experience have produced an excellent pallet product. Stay-Flat pallets can make your textile production cost effective and smooth.

Replacement Stay-Flat pallets can be custom made to any size. Simply submit a drawing showing the size and mounting holes and/or bracket locations.

Stay Flat Aluminum Pallets are manufactured in standard designs to fit:

M&R*
Formula
Challenger
Gauntlet
Blue Max
and more

Advance-American
Centurian
Multiprinter

TABLE OF CONTENTS

Pallet shapes & sizes available for every application

All of these pallets are available with a large selection of mounting hardware, pallet brackets and specially formulated heat-resistant pallet rubber in wood, solid aluminum or aluminum honeycomb. Pallets are also available without rubber covering.
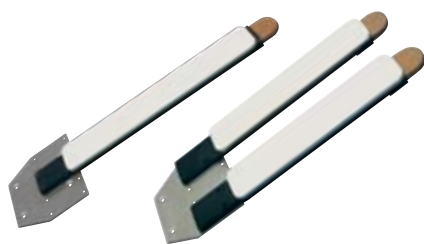

Custom Made Pallets

Based on specific customer requirements, G.P.I. manufactures customized pallet sizes and shapes. Pallet material, covering, shape and mounting hardware are built to order. Custom orders may include a specialty item such as two-sided pallets for leg or sleeve printing.

Some Standard Shirt Pallet Shapes

In addition to the applications shown below, we have:
- T-Shirt pallets
- Pocket & pant leg pallets
- Sock or hosiery pallets
- All-over pallets for seam-to-seam printing
- Expandable size pallets
- Jacket holddown stretch frames

Single and Double Sleeve for Advance-American

Single Sleeve for M&R

Double Sleeve for M&R

Umbrella Holddown

Pocket Pallet for M&R

Double Sleeve for Precision

Sock Pallet for MHM

Glove Pallet

Pallet Tongue for American Rototex

Graphic Parts International manufactures pallets for foreign and domestic brands of screen printing equipment.

If you don't see what you need, just call us and we will custom make pallets to fit your application.

STAY-FLAT™
WOODEN REPLACEMENT PALLETS

Replacement pallets for:
- Atlas
- Chapparal
- Harco
- Hix
- Hopkins
- Jennings
- Lawson
- Ranar
- TAS
- Vastex

and other manufacturers equipment

G.P.I. has tested hundreds of compounds and treated woods for warping due to excessive flash curing heat and moisture. We have acheived the closest formulation to aluminum available.

Our pallets are manufactured with perfectly round corners, rounded edges and a white laminated surface.

We can also cover the wooden pallet with formulated heat-resistant rubber using a high-temperature adhesive to extend pallet life.

Our rubber covering also provides a perfect printing surface very similar to the surface of high-grade aluminum pallets. Our Stay-Flat™ wooden pallets will easily mount to your existing brackets (modification or inserts may be required).

Instructions for using your original bracket as a template for drilling the holes are included.

Bracket hardware is not included with the replacement pallets. Brackets for most manual textile printers must be ordered separately.

Stay-Flat wooden pallets come in many standard sizes. We can also custom manufacture your pallets to order…any size. Simply submit a worksheet/drawing showing the size and shape required.

Rectangular Shaped Pallets with Radius Corners

Cat. No.	Size

SPECIALTY APPLICATIONS

Sleeve and Pant Leg Pallets for Advance/American Equipment

These pallets fit all American Rototex and Multiprinters. The four inch and five inch pallets are for standard sleeves, and the seven inch pallets are for extra large sleeves and pant legs. One mounting plate with 12 holes is included with your first purchase of any G.P.I sleeve or pant leg pallet. Additional pallets may be purchased without the mounting plate for cost savings and easy pallet changeovers.

Sleeve and Pant Leg Pallets for American Centurian, Rototex and Multiprinters

Cat. No.	Size	Description
RP-419S-GA1	4" x 19" (10.2 x 48.3 cm)	Aluminum Single Sleeve Pallet
RP-419D-GA1	4" x 19" (10.2 x 48.3 cm)	Aluminum Double Sleeve Pallet
RP-424S-GA1	4" x 24" (10.2 x 61 cm)	Aluminum Single Sleeve Pallet
RP-424D-GA1	4" x 24" (10.2 x 61 cm)	Aluminum Double Sleeve Pallet
RP-519S-GA1	5" x 19" (12.7 x 48.3 cm)	Aluminum Single Sleeve Pallet
RP-519D-GA1	5" x 19" (12.7 x 48.3 cm)	Aluminum Double Sleeve Pallet
RP-730SL-GA1	7" x 30" (17.8 x 76.2 cm)	Aluminum Single Leg Pallet

Sleeve and Pant Leg Pallets for American Champrint

Cat. No.	Size	Description
RP-428S-CHP	4" x 28" (10.2 x 71.1 cm)	Aluminum Single Sleeve Pallet
RP-728SL-CHP	7" x 28" (17.8 x 71.1 cm)	Aluminum Single Leg Pallet

Sleeve and Pant Leg Pallets for A.W.T. Textile Equipment

Cat. No.	Size	Description
RP-619S-GAO	6" x 19" (15.2 x 48.3 cm)	Aluminum Single Sleeve Pallet
RP-730D-GAO	7" x 30" (17.8 x 76.2 cm)	Aluminum Double Leg Pallet
RP-419S-GAO	4" x 19" (10.2 x 48.3 cm)	Aluminum Single Sleeve Pallet
RP-419D-GAO	4" x 19" (10.2 x 48.3 cm)	Aluminum Double Sleeve Pallet
RP-430D-GAO	4" x 30" (10.2 x 76.2 cm)	Aluminum Double Sleeve Pallet
RP-730SL-GAO	7" x 30" (17.8 x 76.2 cm)	Aluminum Single Leg Pallet

Jacket Holddown Stretch Frames*

Now you can hold down most two layer materials, such as jackets, securely on the pallet for printing. G.P.I. manufactures standard and special size stretch frames for all manufacturers. Jacket holddown frames can be custom made to any size. Stretch frame is complete with frame, bracket, and aluminum or wood Stay Flat™ rubber coated pallets.

Cat. No.	Size	Description
JHD-1516	15" x 16" (38.1 x 40.6 cm)	Jacket Holddown
JHD-1516-GAO	15" x 16" (38.1 x 40.6 cm)	Jacket Holddown with Support
JHD-1822	18" x 22" (45.7 x 55.9 cm)	Jacket Holddown

*Includes: Frame, bracket, & aluminum or wood Stay-Flat™ pallet with heat-resistant rubber.

Universal Pocket Pallet Attachment

Cat. No.	Size	Description

SPECIALTY APPLICATIONS

Sleeve and Pant Leg Pallets for Advance-American Equipment

These pallets fit all models of American Rototex, Automatic Rototex and Multiprinters. The 4" pallets are for standard sleeves. The 7" pallets are for pant legs or extra-large sleeves. Incuded with the first purchase of a sleeve or pant pallet from G.P.I. is a mounting plate with 12 holes to fit single sleeve/pant pallets or double sleeve/pant pallets. Additional pallets are purchased without the mounting plate for savings and easy pallet changeover.

Sleeve and Pant Leg Pallets for M&R Equipment

These aluminum textile pallets work great on sleeves, pant legs and shirt pockets. If you don't see the size or shape you need, contact us and we will manufacture a custom sized or shaped pallet which will fit your application.

Pallet Mask™ 1 High Tack Two Sided Pallet Adhesive Cloth

Secure T-shirts and other textiles on your pallet with Pallet Mask™1 High-Tack Adhesive. With equal amounts of adhesive on both cloth sides, Pallet Mask holds textiles in place while it guards against wrinkles and misprints. Simply place on pallet, cut to size, and remove protective sheet to adhere. Pallet Mask's adhesive remains strong under flash curing, helping maintain registration throughout your entire run. If any lint accumulates on the surface, simply wipe off with water and you can continue production without any delay. When covered with Pallet Mask, your pallets will no longer need protective paper.

Cat. No.	Roll Size	Description
TT-142S	14" x 5 yds	Pallet Mask Trial Size
TT-142	14" x 36 yds (36cm x 33m)	Pallet Mask Std. Roll- 4 rolls per case
TT-143	18" x 36 yds (46cm x 33m)	Pallet Mask Wide Roll- 4 rolls per case

Table-Tac™ Water Soluble Table Adhesive for Textile Holddown

- Easily secures substrate to pallet
- Easy to use – apply, air dry and print
- Worker friendly- no atomization
- No waste alternative to spray adhesives
- No adhesive residue- won't clog or cover equipment
- Easy-to-retack

GO GREEN BE ENVIRONMENTALLY RESPONSIBLE

Table-Tac™ Water Soluble Table Adhesive securely holds textiles, thin substrates, and even some plastic in place on your pallets. With Table-Tac, the need for an expensive vacuum table to maintain registration is eliminated. Unlike spray adhesives, Table-Tac is brushed or carded on, eliminating waste and keeping your equipment and workplace free of spray residue.

Cat. No.	Description
TT-771-2	Table-Tac, 2 oz. trial size
TT-771-1Q	Table-Tac, 1 qt. container
TT-771-1G	Table-Tac, 1 gal. container
TT-771-5G	Table-Tac, 5 gal. container
TT-771-55G	Table-Tac, 55 gal. container

Table-Tac Accessories

A.W.T. plastic spreader/scrapers are used to apply blockout to screens, adhesive to pallets, and any decals. Available in 4", 6" and 72" lengths.

| Cat. No.	Description
PS-04	4" plastic spreader/scraper – pkg. 12
PS-06	6" plastic spreader/scraper – pkg. 12
PS-72	72" plastic spreader/scraper

Different lengths available/special size cuts made to order.

Tac-Top™ One-Sided Paper Pallet Adhesive for Use with Table-Tac™ Water Soluble Adhesive - Fast, Easy Cleanup

A.W.T.'s smooth surface Tac-Top™ is easy to use. Cover top of pallet completely with Tac-Top, wrapping approximately 1" extra under the pallet. Then apply Table-Tac adhesive onto the paper to hold substrate in place, and you're ready to print. Tac-Top is easy to remove after using, leaving a clean pallet that has not been affected by inks or solvents. Simply pull off the Tac-Top and the clean pallet is ready for your next job. Because Tac-Top eliminates the time and cost to remove adhesive with solvents, solvent and rag disposal efforts are also minimized.

Cat. No.	Roll Size
TT-181	18" x 100 yds. (46cm x 91m)

Description: Tac-Top, smooth paper, one-sided pallet adhesive

TT-182	24" x 100 yds. (61cm x 91m)

Description: Tac-Top, smooth paper, one-sided pallet adhesive

TT-181S	Trial Size Tac-Top™

Stainless-steel Ink Spatulas with Rosewood Handles

Stainless-steel all-purpose spatulas have rosewood handles and brass rivets. Semi-flexible blades are ideal for stirring inks and mixing colors. Can also be used for removing excess ink from squeegees and screens and for general clean-up. Six per box.

Cat. No.	Description
SPAT-004	4" (10 cm) long spatula with 3/4" (1.9 cm) wide blade
SPAT-006	6" (15 cm) long spatula with 1" (2.5 cm) wide blade
SPAT-008	8" (20 cm) long spatula with 1-1/4" (3 cm) wide blade
SPAT-010	10" (25 cm) long spatula with 1-1/2" (3.8 cm) wide blade
SPAT-012	12" (30.4 cm) long spatula with 1-3/4" (4.4 cm) wide blade
SPAT-014	14" (35.5 cm) long spatula with 2" (5 cm) wide blade

THE A.W.T. WORLD TRADE GROUP

Your Complete Manufacturing Source for
Screen Printing Equipment, Supplies & Parts

Building on more than 30 years experience in serving clients in the graphic, textile and industrial markets, A.W.T. World Trade provides screen printers with a complete manufacturing source for prepress and printing supplies, machine parts, and remanufactured equipment.

Experience shows that when printers use a single manufacturing source, costly incompatibility problems between equipment lines and suppliers are greatly reduced. A.W.T. develops complete systems that work efficiently and economically to avoid printing errors, reduce downtime, and keep you profitable.

Our technical sales staff will make sure you choose the right system for your company's needs, delivering the performance you require at a cost within your budget. Industry experts in both technical support and service will confidently walk you through the setup and installation process for maximum productivity right from the start.

The A.W.T. World Trade Group was formed in 2002 when A.W.T. World Trade Inc. and Graphics Parts International Inc. purchased American Screen Printing Equipment.
